5. Water supply available: yes: no: 6. Snow making: yes: no:
6. Is this course OK? yes: no: 8. Homol. fee paid (date): Yes, Jan '13
- 7: Proposals for improvement:

8. Required protections:

Install single layer of B-net along trail on skier's right between 1,330 and 1,355m contours
Additional protection as requested by the Race Jury based on course set and track conditions.
Recommend organizer have available a minimum 200 linear meters of B-net for required protection and additional requests per jury on race day for slalom events and 400 linear meters of B-net for giant slalom events

9. Emergency evacuation outside the course:

Radio dispatched NSP compliant patrol provides transport to base of hill. Paramedic/ALS located in Ski Patrol aid room. Shavers Fork Fire & Rescue ALS/BLS capabilities located on mountain. Multiple aeromedical services located within 30 minutes flight time. Level 1 Trauma facilities located at Morgantown, WV and Charlestown WV, 150 miles distant and Charlottesville VA, 130 miles distant, flight times approximately 30 minutes. Local hospitals located in Marlinton WV, 31 miles distant, and Elkins WV, 52 miles distant.

10. Communication start - finish (telephone, electrical timing cable etc.):

A hard-wire multi-conductor cable connects the start to finish, radio for communication backup

11. Have the necessary documents been submitted? yes: no:

12. Uphill facilities (Lifts etc.): Western Express High-speed detachable chair

13. Hourly capacity / persons: Total uphill capacity 2,400 person per hour

14. The inspector was assisted by: Dale Ramsey, Jan Ramsey, Alisa Colpitts & Jon Downs

15. General remarks:

Excellent trail for entry level giant slalom and slalom races. Trail width exceeds 40m along approved area with exception of the very start where speeds are low.

16. Conclusions:

Wide trail with varied terrain provides an excellent venue for entry-level racing.
