

RACE ADMINISTRATION - ALPINE 2017-2018

STUDY GUIDE SECTION 2: Event Administration

This portion of the Race Administration Study Guide contains 117 pages. Pages 34-117 are forms commonly used by the Race Administrator and may be duplicates of forms found in Section 1 – Race Result Software. U.S. Ski & Snowboard memberships are processed online so this presentation does not include a U.S. Ski & Snowboard Membership form. To eliminate printing of forms, set your printer to only print pages 1-33.

This Study Guide is intended as an educational and review aid for individuals interested in alpine officiating. Downloading, printing and reading the Study Guide must not be substituted for actual attendance at a U.S. Ski & Snowboard-approved Clinic or used as a replacement for actual instruction at any U.S. Ski & Snowboard-approved Clinic. The Study Guide is not intended as a replacement for taking notes for use during an open-book examination at any U.S. Ski & Snowboard-approved Clinic.

REFERENCE PUBLICATIONS:

1. U.S. Ski & Snowboard Alpine Competition Regulations (ACR)
2. ICR of the FIS, Online Edition
3. ICR Precisions, if published
4. Rules of the FIS Points
5. U.S. Ski & Snowboard Alpine Officials' Manual

***NOTE:** ACR mirrors, when possible, ICR numbering. U.S. Ski & Snowboard exceptions have a “U” preceding the rule number; the “U” is a part of the number.

CERTIFICATION EXAMINATION:

Race Administration Certification Examination will be available at U.S. Ski & Snowboard-approved Alpine Officials' Clinics. Allowed time limit is 1.5 hours. The examination is open book and, unless an exception is granted by the respective AO Chair, it must be administered only at scheduled Clinics. It is NOT A TAKE HOME EXAM! Allowing use of computers in order to complete calculations or “search” rule books is strongly discouraged. Completed examinations must be retained by the Clinic examiners; they are not returned to the individuals taking them. Please refer to Regional/Divisional publications for schedules.

If you have problems with this Study Guide or have suggestions for improvements, please contact the current Chair of the Alpine Officials' Education Working Group. Thank you.

The current Chair is: Lucy Schram
aoewgchair@gmail.com

Due to requirements for preparation of accurate event documentation (these are all legal documents), it is strongly suggested that the Race Administrator not also assume the duties and event-related responsibilities of the Chief of Timing and Calculations.

REFERENCE DOCUMENTS:

There is much information available to us - no one can possibly know it all. What we SHOULD know is WHERE to find it. Many of the sections of this Study Guide require research by the user. This research will aid in the ability to understand the layout of the applicable rule books and publications and will reinforce their content.

With the exception of the U.S. Ski & Snowboard Membership Application which is processed online, the following reference items can be found at the end of this Study Guide and are placed in the order in which they are referenced. Document numbering is not sequential because it agrees with document numbering in the updated "Master Packet of Forms" (MPF) which can be found on the U.S. Ski & Snowboard website. It is suggested that forms be printed for easy reference while using the Study Guide.

I. ORGANIZATION OF AN EVENT

A **discipline** is a sport and is comprised of one or several **events**. For example, Cross Country Skiing, Snowboard and Alpine Ski Racing are **disciplines**, whereas, Downhill, Super G, Giant Slalom, Slalom, Alpine Combined and Kombi are **events**.

A. Organizing Committee (OC) consists of those members (physical or legal) who are delegated by the Organizer. It carries out the rights, duties and obligations of the Organizer. [600, AOM Chapter IV - Race Organization]

1. Appointed by race organizers
2. Its concern is limited to non-technical aspects

3. Essential members of committee for any size event
 - a. Chairman
(Chief of Race [601.3.1] The Chief of Race directs and controls the work of all officials; is Chair of OC at lower-level events, acts as Chairman of Team Captains' Meeting; acts as liaison between Organizing Committee and other event-related areas.)
 - b. Secretary (may or may not be the Race Secretary)
 - c. Chief of Race
 - d. Others, as needed
4. Upon appointment: Technical Delegate, Referee, Assistant Referee* (speed events only) and Forerunners

**Assistant Referee may be assigned for U.S. Ski & Snowboard technical events for training purposes only. They participate with the Jury but are not members of Organizing Committee, and have no voice/vote in Jury meetings; their names do not appear on official documents.*

5. Other appointments usually made by Organizing Committee:
 - a. Chief of Course [601.3.2]
 - b. Start Referee [601.3.3]
 - c. Finish Referee [601.3.4]
 - d. Chief Gate Judge [601.3.5]
 - e. Chief of Timing and Calculations [601.3.6] Supervises, documents and enforces quality control of timing operation. With the exception of lower-level non-scored events, (e.g. YSL), where staffing issues may require it, the Chief of Timing and Calculations should not also be the individual operating the electronic timing equipment or the timing/race result software.
 - f. Race Secretary [601.3.7]
 - g. Others as appropriate [601.3.8 - .3.9.4]

B. The Jury [601.4, AOM, Chapter IV]

1. Technical Delegate (TD)
2. Referee (RF)
3. Assistant Referee (speed events only) *
4. Chief of Race (CR)

NOTE: U.S. SKI & SNOWBOARD-SANCTIONED NON-FIS EVENTS: Jury members, Jury Advisors (Start & Finish Referees), Chief of Course, Course Setters, Chief of Timing & Calculation and Race Administrator must be **current** U.S. Ski & Snowboard Coach or Official members; they must have certification appropriate for their positions. Forerunners must have a current U.S. Ski & Snowboard membership: e.g.: Competitor, Master, U.S. Ski & Snowboard General Membership or Short Term Athlete Membership. Competitors must have an appropriate, current competitor's U.S. Ski & Snowboard Membership. ***Qualified members of foreign federations recognized by FIS must hold a valid U.S. Ski & Snowboard membership in order to take part in any capacity at a U.S. Ski & Snowboard-sanctioned non-FIS event.*** [203.2]

U.S. Ski & Snowboard Coach or Official members whose membership status is “**PENDING**”, have not completed membership requirements, e.g. “Fast Start Coaching Course” and/or background screening. ***U.S. Ski & Snowboard coaches must be current U.S. Ski & Snowboard Coach Members in order to serve in any capacity at any U.S. Ski & Snowboard-sanctioned event; e.g. on-hill coaching. Failure to comply with membership requirements will invalidate event liability insurance.***

“Jury Advisor” is a U.S. Ski & Snowboard distinction used to recognize two officials who, with the exception of high-level events such as World Championships and Olympic Winter Games, are not voting members of the Jury but who have the duty to supervise a necessary portion of the race arena.

The Start Referee is authorized to allow provisional starts for delayed competitors in cases of *force majeure* but defers to the Jury in cases of doubt. Both Jury Advisors notify the Jury when situations arise that may require provisional reruns and, report violations of rules that may result in sanctions.

At high-level events such as World Championships and Olympic Winter Games, the Start Referee and the Finish Referee are members of the Jury and do have a vote.

Many events – mostly DH and SG, also have at least two Team Captains who have been designated as Connection Coaches: “Eyes of the Jury”; these “Eyes of the Jury” are not to be confused with the Start and Finish Referees.

NOTE: Online membership application and membership renewal can be processed on-site. However, new coach/official memberships as well as one-third of renewing coach/official memberships require background screening. Background screening for new members or for those whose screening requires updating, may take up to two weeks so on-site memberships for these coaches/officials cannot be processed in a timely manner, and they must not be appointed or allowed to serve in any capacity that requires current membership. In addition to current membership, appropriate Alpine Official certification is required for many key positions and cannot be completed on-site without the approval of the official’s Division Alpine Officials’ Chair.

II. MISCELLANEOUS ITEMS:

A. Events are conducted by current rules of U.S. Ski & Snowboard Alpine Competition Regulations, (ACR), for U.S. Ski & Snowboard events and the FIS ICR for FIS events. U.S. Ski & Snowboard rules are available in the current Alpine Competition Guide and at usskiandsnowboard.org. FIS rules are available at fis-ski.com or through the link on the U.S. Ski & Snowboard website.

B. Terminology you need to know:

The following terms will be referred to many times in this Study Guide and are an important part of ski racing. These terms only apply to **scored** events.

1. **Seed Points** - a numerical indicator of a competitor's individual ranking with all other competitors
2. **Race Points** - a numerical indicator showing the relationship between a competitor and the winner of that specific race
3. **Penalty** - numerical indicator that equalizes same type of events; different methods of calculation for U.S. Ski & Snowboard and FIS

C. Conversions (**Refer to #65. All You Ever Wanted to Know...About Conversions**)

Race results require temperatures in Celsius and measurements in Meters. If your race result software does not automatically make these required conversions, this table will give you the required formulas. The conversion chart also contains other helpful formulas such as: points per second, racer’s speed on course, etc.

III. TIMETABLE FOR RACE ADMINISTRATORS [AOM, Chapter IV, and Chapter V – The Secretariat] (**Refer to Schedule Agreement (Sample); 4-pages**)

- A. Schedule Agreements are filed online with U.S. Ski & Snowboard, but it is necessary to verify that one has been properly filed and includes the name of the ski area, its location and the name of the event as the information will appear on the official documentation. It is also necessary to verify that the correct fee has been submitted.

A properly executed Schedule Agreement (Sanction Agreement) is verification that the Organizing Committee has valid U.S. Ski & Snowboard insurance coverage for the event. Some events may require additional coverage; and the Technical Delegate may request a copy of the applicable Certificate of Insurance.

- B. Verify that basic tools such as race result software, rule books and official forms have been updated for the current season. *These tools are updated every season; do not use last season's tools!*
- C. Verify that current U.S. Ski & Snowboard and/or FIS Points List (seed lists) will be available for your use. U.S. Ski & Snowboard Points Lists and FIS Points Lists are only available electronically. Both U.S. Ski & Snowboard and FIS Points Lists that have been formatted for use with race result software are available on the U.S. Ski & Snowboard website. *Start Lists are prepared using the Points List that is valid on the day of the actual event not the day of the Team Captains' Meeting.*

The U.S. Ski & Snowboard and FIS Points Lists found on the U.S. Ski & Snowboard website can be accessed and downloaded through a function in U.S. Ski & Snowboard-approved software. *The FIS Points List located on the FIS websites, although capable of being downloaded into the software is not formatted for this purpose and may eliminate the link between a competitor's U.S. Ski & Snowboard data and FIS data. Competitors' names/data for U.S. Ski & Snowboard FIS events must be verified against and must agree with competitors' names/data on the FIS website version of the Points List.*

The FIS List is available for viewing and downloading at fis-ski.com and ftp.fissski.ch. FIS data, as provided by the FIS websites, is the **only** “official” version.

- D. Race Announcement and/or Fact Sheet. Informational sheets, commonly called “fact sheets” must be made available for eligible competitors well in advance of the event; 5 to 6 weeks is the suggested time frame. (**Refer to #9 Event Announcement**) The fact sheet/race announcement contains all the information a club, coach or competitor needs in order to enter an event and it should preferably be posted on an easily identifiable source: website or club emailing. Program information depends on the level of the event; this reference item is a suggested format.
- E. The Race Administrator works closely with Chief of Race. Good communication with visiting officials is an asset and in the case of the Technical Delegate, is mandatory. (**Refer to #11. Advance Event Information**). It is important that all officials coordinate their efforts so required materials, supplies and equipment are available.
- F. Inasmuch as U.S. Ski & Snowboard competitor memberships may not be considered valid until processed by U.S. Ski & Snowboard, an organizer may choose to not accept/process on-site memberships. This fact must be noted on all versions (electronic or paper), of the Race Announcement/Program.
- G. Changes, postponements and/or cancellations of an event need to be immediately communicated to U.S. Ski & Snowboard Competition Services as well as to your Regional/Divisional office. For a

FIS event, U.S. Ski & Snowboard Competition Services will, after receiving your notice, contact the FIS Office.

- H. Upper-level events (Continental Cups - Nor-Am, World Cups, etc.) have additional rules, which are available at fis-ski.com or through the link on the U.S. Ski & Snowboard website. Rules for these events may undergo changes every season.

IV. DUTIES BEFORE EVENT - [212, 213, 214, 2018 U.S. Ski & Snowboard Alpine Competition Guide]

Master copies of all necessary forms for both FIS and U.S. Ski & Snowboard events are available on the applicable U.S. Ski & Snowboard/FIS websites. (FIS forms in the MPF posted on the U.S. Ski & Snowboard website are in a user-friendly “doc” format.)

- A. It is important that you develop an event document filing system and keep it as consistent as possible. This will provide a built-in check and helps minimize errors.
- B. It is important that you fully understand the qualifications for your event. Are there:
1. Gender requirements
 2. Age requirements
 3. Minimum points requirements
 4. Quotas
- C. Competitor Membership Requirements are a major concern. [203] U.S. Ski & Snowboard requires that competitors have current appropriate U.S. Ski & Snowboard memberships for *all* U.S. Ski & Snowboard-sanctioned events: e.g. Competitor, Masters, General Membership, Short Term Athlete Membership. *It is imperative membership status for all participants – competitors, forerunners, coaches and officials – be confirmed prior to the first Team Captains’ Meeting.*

EXCEPTION: A limited number of U.S. Ski & Snowboard non-FIS events – CAN-AM’S – allow Canadian competitors to compete without obtaining a U.S. Ski & Snowboard competitor’s membership. This exception does not apply to the coaches accompanying these competitors and wanting to serve as Jury members or Course Setters; they may, however function in the capacity of their team’s coach without obtaining a U.S. Ski & Snowboard Coach membership.

The Race Administrator is responsible for verifying competitors’ U.S. Ski & Snowboard memberships. If a competitor does not have a current membership, online application is available.

1. Process for U.S. Ski & Snowboard Membership Applications:
 - U.S. Ski & Snowboard User Account must be created on the U.S. Ski & Snowboard website.
 - Registration must be submitted only by those 18 & older; parent/legal guardian must submit registration for those under 18
 - Primary medical/accident insurance information must be submitted
 - Non-certified Coaches must review and complete “Fast Start Coaching Course”
 - U.S. Ski & Snowboard’s “Assumption of Risk and Release of Liability” must be reviewed and accepted
 - U.S. Ski & Snowboard’s “Concussion Policy” must be reviewed and accepted
 - U.S. Ski & Snowboard’s “Child Protection Safe Sport Guidelines” must be reviewed and accepted

- Upon acceptance of the membership by U.S. Ski & Snowboard, individuals whose membership application requires completion of “Fast Start Coaching Course” and/or background screening will be directed to a link that will initiate the required process
- 2. U.S. Ski & Snowboard staff, new member-coaches and new member-officials are required to complete background screening prior to membership acceptance by U.S. Ski & Snowboard, and at this time screening needs to be updated every third season.
- 3. Approximate background screening approval turnaround for those residing in the U.S. for 7 years or more can take as long as 2-3 weeks; turnaround for foreign coaches and officials or for those who have lived abroad can take several months.
- 4. Login is required in order to secure members’ personal information. Other information, e.g. Club Roster, Member Lookup, Member List is available under “Public Tools”.
- 5. “Chat Support” is available for online registration.

NOTE: *Allowing an individual to compete without a current competitor’s membership will invalidate the event liability insurance and may result in the event not being accepted for scoring.*

- D.** Competitors who do not appear on current U.S. Ski & Snowboard lists are seeded with 999.99 points regardless of their points and status the previous year.

NOTE: 999.99 is a U.S. Ski & Snowboard designation for competitors who have not earned U.S. Ski & Snowboard Points; FIS Points are calculated to 999.00.

- E. U.S. SKI & SNOWBOARD SHORT TERM ATHLETE MEMBERSHIPS:** Two separate Short Term Athlete Memberships per season are available with per-day pricing. This allows new members the opportunity to try individual or multiple events/disciplines without having to purchase a full competitor membership.

Alpine Short Term Athlete Memberships are available for the following: U12 & under (Youth), U14 & older and Masters U21 & over.

Short Term Athlete Memberships are not available for participation as a Coach, Official or Club Volunteer.

F. U.S. SKI & SNOWBOARD’S CONCUSSION POLICY

Any U.S. Ski & Snowboard member – including those with the U.S. Ski & Snowboard General Membership and Short Term Athlete Membership – suspected of having sustained a concussion must be removed immediately from participation in U.S. Ski & Snowboard sporting events (e.g. sanctioned training, practice, camps, competitions or tryouts), by the Technical Delegate or U.S. Ski & Snowboard member coach overseeing such sporting events. The athlete will be prohibited from further participation until evaluated and cleared in writing to resume participation in U.S. Ski & Snowboard sporting events by a qualified health care provider trained in the evaluation and management of concussive head injuries. The health care professional must certify to U.S. Ski & Snowboard in the clearance letter that he/she has successfully completed a continuing education course in the evaluation and management of concussive head injuries within three years of the day on which the written statement is made.

Upon removal of an athlete from participation for a suspected concussion, the U.S. Ski & Snowboard TD or member coach making the removal must inform U.S. Ski & Snowboard Competition Services. Athletes who have subsequently been medically cleared to resume participation must provide such

medical clearance (as described above) to U.S. Ski & Snowboard Competition Services in order to be permitted to participate in U.S. Ski & Snowboard sporting events. A “Concussion Medical Evaluation Form”, requesting to allow competitors under the age of 18 to return to training/competition must be signed by the parent/legal guardian. **(Refer to #58. Concussion Medical Evaluation & Parent Letter)**

NOTE: *If necessary, properly executed medical clearance can be presented to and accepted by on-site Jury.*

For all athletes competing in a FIS event, refer to current edition of the “U.S. Ski & Snowboard Concussion Policy” and the “FIS Medical Guide” which contains Medical Rules and Guidelines.

The U.S. Ski & Snowboard Concussion Policy requirements must be followed. However, many states have also enacted head injury laws that may include additional requirements/restrictions. Please review the law for your state and, if required, contact U.S. Ski & Snowboard for direction. Additionally, if working in another state, you may wish to discuss with the Head Coach or Chief of Race, how the local club usually handles head injuries. This is a developing area of responsibility and it is important to be aware that U.S. Ski & Snowboard may provide further guidance in the future.

G. Other Situations Regarding Competitors

1. Can a competitor represent more than one country/club? [203.4, 203.5 - 203.5.3] A racer shall affiliate as an athlete of the region/division in which he/she is training during the majority of the northern hemisphere competition season. The designation must be made at the start of the season and must be abided by the racer for the entire season. Any conflicts must be resolved before participation. U.S. Ski Team members and members of U.S. Ski & Snowboard National Training Groups will retain their home affiliation. Contact Regional Offices for additional information. (U.S. Ski & Snowboard ASC, May 2013.)
2. At all U.S. Ski & Snowboard events, including training, an athlete who is not “age-eligible” for the vertical drop of the actual course set on the piste may never participate in competition or training as a competitor or Forerunner.

The “U.S. Ski & Snowboard Exceptional Athlete ‘Ski Up’ Assumption of Risk, Release and Indemnity Agreement” allows exceptional athletes to compete in an age group competition with a class of competitors which are older than the age group designated by U.S. Ski & Snowboard. The intention of the authorization is to accommodate the very top athletes nationally, ***but only in the events in which they are normally eligible and only in the specific competitions authorized by the U.S. Ski & Snowboard National Development Director (September 2001 ASC, as amended).***

Ski Up Agreements cannot be applied for on-site, and are not accepted by all U.S. Ski & Snowboard regions/divisions. Please contact Regional/Divisional Alpine Committee members or U.S. Ski & Snowboard Alpine Development Director for details regarding the application process. A copy of the approved Agreement must accompany the entry. *FIS does not recognize requests to ski up in class.*

When an entry is received that includes a copy of an approved Ski Up Agreement, the athlete’s class must be manually edited to reflect the class in which the athlete is actually competing; e.g. Ralph Racer is a U12 skiing up to U14; the DM/RA must manually change his class in the database to U14.

3. Competitors and Forerunners in a U.S. Ski & Snowboard event must be current U.S. Ski & Snowboard members; *U.S. Ski & Snowboard General Membership and Short Term Athlete membership is a valid membership category for Forerunners.* Foreign athletes with **current** FIS inscriptions who want to compete in U.S. Ski & Snowboard non-FIS events must complete U.S. Ski & Snowboard “X” membership requirements. FIS Points for these competitors are used for seeding and Penalty calculation. ***Foreign competitors who have current U.S. Ski & Snowboard points must be seeded with U.S. Ski & Snowboard points and their U.S. Ski & Snowboard points must be used in Penalty calculation.***
4. Forerunners should have the ability to ski the course in racing fashion; downhill Forerunners should participate in all training runs [605]. When appointed, Forerunners become members of the Organizing Committee. For U.S. Ski & Snowboard FIS events, if a sufficient number of FIS-inscribed Forerunners are not available, U.S. Ski & Snowboard members may forerun after signing FIS Athlete’s Declaration. **(Refer to #18. FIS Athlete’s Declaration).** **Forerunners are not allowed to start in the competition.** [605.4]

H. Competitor Requirements for U.S. Ski & Snowboard-sanctioned FIS Events (Refer to FIS Registration)

1. All athletes, foreign or U.S. Ski & Snowboard, who wish to compete in FIS-sanctioned events, **must** have a valid FIS inscription code number prior to entering an event. A competitor who does not have a valid FIS inscription code number ***must not*** appear on a Start List. Allowing a competitor to compete who does not have a valid FIS inscription may invalidate the event and may also invalidate the event liability insurance. If the XML transmission file does not contain a valid FIS inscription code number for each competitor, the FIS autoscore system will reject the transmission file.
2. Not only must U.S. Ski & Snowboard athletes have FIS inscription, they must also be *competitor* members of U.S. Ski & Snowboard; FIS inscriptions cannot be processed on-site.
3. U.S. Ski & Snowboard website shows U.S. Ski & Snowboard-member FIS inscription code numbers. FIS inscription code numbers that are not current are appropriately marked.
4. If the U.S. Ski & Snowboard website shows a date under the FIS column but no FIS code is assigned, the Race Administrator must contact the U.S. Ski & Snowboard National Office or access “Competitor Biographies” at fis-ski.com. If the FIS Office has already processed the request, an inscription code number will be assigned; the competitor will be designated as “active”, and the competitor may compete. *The “ALL” section of Competitor Biographies – without an “ACTIVE” designation, must not be used to verify a member’s eligibility!*

A late fee is assessed for athletes who wish to register for FIS inscription. If an athlete requests immediate confirmation of their FIS points, an **additional** fee will be charged. Contact U.S. Ski & Snowboard Competition Services for assistance and to verify fee(s).

5. U.S. Ski & Snowboard cannot process FIS inscriptions or requests for FIS Points Confirmation for members of a foreign federation.
6. With their official entry, foreign federations confirm the eligibility of the respective competitor. If the competitor is not on the current FIS Points List, it may be possible to retrieve a valid FIS code in Competitor Biographies on the FIS website. If no number is found, the competitor must not be entered.

7. Only National Ski Associations are entitled to make entries for international competitions. If a National Ski Association issues an entry authorization (travel) letter, U.S. Ski & Snowboard allows non-U.S. Ski & Snowboard athletes training with U.S. Ski & Snowboard clubs or attending USA schools/colleges/universities to be entered by their coaches.

U.S. Ski & Snowboard's policy regarding entry authorization (travel) letters as follows:

- a. Every non-USA athlete's authorization letter must be sent to alpinedomestic@usskiandsnowboard.org
- b. Letters must be submitted directly by the respective National Ski Association; they will not be accepted if forwarded by the coach or the athlete.
- c. A copy of the letter must be sent to the applicable Regional Manager in the region where the athlete will be training; letter may be submitted by the athlete's coach.
- d. U.S. Ski & Snowboard will create a summary of these authorizations for posting on the U.S. Ski & Snowboard website so Race Administrators and Technical Delegates can be confident of their validity.
- e. Foreign entries that are not submitted by the actual National Ski Association and for whom no authorization letter has been submitted to U.S. Ski & Snowboard for verification must not be accepted.
- f. Authorization letters will only be recognized for FIS category and below. Entries for Nor-Am Cup and National Championships must be submitted directly by the respective National Ski Associations.
- g. *Several nations, e.g. Austria, Canada, Great Britain and Spain currently do not issue authorization (travel) letters; entries for competitors from these nations must originate from the respective Federation.*

*There is a possibility that small groups of foreign athletes may be training in North America and may seek entry into U.S. Ski & Snowboard FIS events. These athletes will be represented by coaches from their National Ski Associations and, because they are not members of a U.S. Ski & Snowboard club or are not attending USA schools/colleges/universities, their authorization letters will not be on file with U.S. Ski & Snowboard. ***You must contact U.S. Ski & Snowboard Competition Services prior to refusing any FIS entry.***

I. Event Entry - The race announcement must note acceptable event entry procedure(s).

1. U.S. Ski & Snowboard has initiated an online event registration system (option is requested when filing Schedule Agreement), and many organizers are already using independent online registration systems for their events. Online registration is an acceptable entry format; however, if online event registration is used for a FIS event, the "FIS Entry Form" must still be submitted. In addition, all data must still be verified against the appropriate source: U.S. Ski & Snowboard for USA non-FIS events and FIS for USA-sanctioned FIS events.
2. Common method of entry for U.S. Ski & Snowboard non-FIS events is the U.S. Ski & Snowboard Entry Card which is found in the back of the current Competition Guide or on the U.S. Ski & Snowboard website.
3. Some areas prefer that teams submit a group entry. **(Refer to #12. Non-FIS Team Entry Form).** This method simplifies the entry procedure, keeps all of a group's competitor data in one spot and lists one main contact if additional information or clarification is required. FIS events require the use of a specific entry form **(Refer to #13. FIS Entry Form)** [215.1]; the organizers must have a final and complete list not later than 24 hours before the first draw.]

4. Additional entry items that should be clarified in the event information are:
 - Whether or not a signed ski area/mountain waiver will be required. *If so, include one with your Race Announcement;*
 - Whether or not entry fee is required in advance; whether or not entries without fees will be accepted;
 - Whether equipment control will be in place;
 - Whether or not lift ticket fee may be included with entry fee;
 - If advance payment is not required, when payment is due;
 - What payment methods will be accepted/preferred;
 - Whether or not phone entries will be accepted;
 - Whether or not late entry fees will be enforced;
 - Whether or not a bib deposit will be required;
 - Whether or not “on-site” U.S. Ski & Snowboard Competitor Memberships will be accepted and processed;
 - Whether coaches will be required to produce U.S. Ski & Snowboard Membership Cards.
5. Depending on entry and registration method:
 - a. Establish a system to document arrival of entry.
 - b. Establish a system to record payments. If Entry Cards are used, use the card for needed notations, e.g. money paid, balance due, refund due.
 - c. If applicable, establish a system to verify race quotas.
 - d. If applicable, establish a system to verify whether or not a competitor’s entry is “comped”, e.g. entry and lift fees waived by the OC
 - e. Develop a system so that you can gather missing information.
 - f. Prepare for Draw; either computer-generated or “double draw”

NOTE: *For a U.S. Ski & Snowboard non-FIS event, the Jury can allow a computer-generated draw. FIS rules require the consent of the Team Captains’ as indicated by signature on the entry form. It is recommended that the Race Administrator be prepared for a “double draw” at all events.*

6. Prepare a Competition Worker Registration area separate from competitors’ registration. **(Refer to #20. Volunteer Competition Worker Registration)** *Completion of a current “Volunteer Competition Worker Registration” is required for any workers who are over the age of 18, are not U.S. Ski & Snowboard members, properly credentialed FIS officials, coaches and trainers, or regular employees of Organizer or of Ski Area/Landowner acting within the scope of their employment.*

V. TIMETABLE FOR EVENT ORGANIZATION

A. Before the Event

1. Software and Procedures
 - a. Verify software has been updated and has the capability of preparing Official Results/Penalty in the approved format (XML) for electronic transmission
 - b. Verify all defaults, e.g. F-values, min/max penalties, adders
 - c. Check validity date of downloaded Points Lists - U.S. Ski & Snowboard/FIS
 - d. Verify capability to electronically submit results
 - e. Verify format used to input electronic times: CD, memory stick or email
 - 1.) Transfer of race file

NOTE: Transferring the race file from the result computer to the timing system does not allow for race file editing until after the event because transfer back to result computer will overwrite all edits

- 2.) Transfer of timing file

NOTE: This is a preferable method because it involves a transfer of only competitors' bib numbers and times and allows for race file editing. It is necessary to fully understand/test this procedure prior to race day.

3.) Manual input: Does your software allow manual input/edits

2. Establish Competition Database and Input Header Information

a. Race title, date, gender, level, event and location of race

NOTE: XML format does not recognize some keyboard characters such as the ampersand (&). A title sponsor, such as "Ernst & Young" will have to be keyed as "Ernst and Young". If one of these characters is inserted anywhere in the data fields, a "white space" error message will be returned: "XML page cannot be displayed."

b. U.S. Ski & Snowboard Race Code (Transmittal #)

c. If applicable, FIS Codex

d. Homologation Information (Technical Data) including name of course and Homologation number. Start and finish elevations, vertical drop and length of course's race line (DH & SG only) as verified by the Technical Delegate. *Course name noted on the homologation file must be used. If a ski area changes the name of a course, the new name must not be used until the homologation is updated.*

Verify the correct homologation is being used for the event. FIS course homologation information is available on the FIS website. Full U.S. Ski & Snowboard course homologation files are available on the U.S. Ski & Snowboard website and should be used to verify correct course name, homologation number and location of homologated start and finish within which a course may be set. Using the U.S. Ski & Snowboard website location requires login:

alpine.usskiteam.com/alpine-programs/officials/homologation

User ID = homologation; Password = Allout2018!

e. Jury memberships/certifications verified; Jury members must be current U.S. Ski & Snowboard members and *must be appropriately certified*.

f. Membership and *certification* must also be verified for all support officials: Jury Advisors (Start & Finish Referees), Chief of Course and Course Setters, Chief of Timing & Calculations, Race Administrator.

g. Certification requirements that must be verified:

- Referee, Assistant Referee and Course Setter(s) must be certified Referees for all U.S. Ski & Snowboard sanctioned events – both scored and non-scored
- Jury Advisors must be a certified Referee, Jury Advisor or Chief of Race for all U.S. Ski & Snowboard sanctioned events – both scored and non-scored
- Chief of Race must either be a certified Chief of Race, Technical Delegate, or Referee for all U.S. Ski & Snowboard sanctioned events – both scored and non-scored
- Chief of Course must either be a certified Chief of Course, Chief of Race, Referee or Technical Delegate
- The Schedule Agreement states other "senior" officials must be appropriately certified. Schedule Agreement requires "appropriately certified" Chief of Timing & Calculations as well as other "senior" officials. Certification is a benefit associated with membership so "senior" officials must also be current members of U.S. Ski & Snowboard and have certification appropriate to their assigned position. *A "senior" member is interpreted as being one who signs documents or whose name appears on official documents. Rules require that the above officials as well as the Race Administrator must be current members with appropriate certification for their positions.*

h. Forerunners; verify membership, e.g. Competitor, Master, Official, U.S. Ski & Snowboard General Member, Short Term Athlete

i. Coaches; verify membership even if participation is limited to on-hill coaching

- j. If applicable, FIS Adder (**Refer to FIS Points Cover Page**). The Adder is race level, gender and event specific; it may be updated with every Points List.
 - k. Proposed start times.
3. Online Event Registration
If online event registration is used, and the process allows for the automatic loading of competitors into your event database, it is extremely important that all data be verified for accuracy. One drawback of online event registration systems is they generally supply individual event databases which will require multiple competitor data verifications/edits.
 4. Create a Competition Database as described in Section 1 – Race Result Software.

NOTE: *U.S. SKI & SNOWBOARD POINTS MAY ONLY BE CHANGED BY U.S. SKI & SNOWBOARD. FIS POINTS MAY ONLY BE CHANGED BY FIS. IN EITHER CASE, OFFICIAL NOTIFICATION OF CORRECTION IS REQUIRED. (OFFICIAL = LETTER, FAX OR EMAIL FROM RESPECTIVE OFFICE) The FIS website version of the FIS Points List may show a “C” after a competitor’s points; this is an indication that the competitor’s points for that event are “confirmed”, and a points confirmation letter is not required. FIS BASE POINTS MUST NOT BE USED FOR SEEDING PURPOSES.*

B. During the Race

1. Verify all data input against original source.
2. For DH and SG, verify measured length of course. This is not the length of course listed on the Homologation Certificate; it is actual measurement of the racing line (gate to gate) and should be longer than the length on the Certificate. *Length of course is used to estimate a competitor’s average speed.*
3. Save your file under an easily identifiable name, e.g. event/date (LM SL 12dec) and in an easily accessible location.
4. Backup data when major changes are made; e.g. finalization of Competition Database, additions, deletions, bib assignment, time entry, etc.
5. Supply race documents as soon as possible.
6. Assist other officials, as needed

C. After the Event

1. Backup all data
2. Remain until Technical Delegate has signed all Results, reports, etc.
3. Verify data transmission successful
4. Verify copies of Technical Delegate’s Expense Report are submitted as required
5. Send requests for debugging, enhancements or changes for U.S. Ski & Snowboard Race Software (Split Second) to compservices@usskiandsnowboard.org. (**Refer to #67. Scoring Software Change Request**)
6. Debugging, enhancements, changes to other software applications must be sent to vendor.

VI. TEAM CAPTAINS' MEETING - [216] According to U.S. Ski & Snowboard and FIS rules, the draw must be conducted (or confirmed) at a Team Captains' Meeting. An actual meeting, attended in person by Team Captains, Jury, and race officials is an inseparable and mandatory part of the competition and is important for communication of Jury instructions, support of the OC, as well as conveying OC requests and information. It is also a critical element for risk management and liability-related matters. (Refer to 621.8, 604.3)

With the approval of the Jury and at a time and place announced to all Team Captains, and where a computer-assisted Draw has been approved or is not required (e.g. YSL where TRS by class and gender is used to determine the start order), an informational meeting is still required but may be held either immediately after the completion of an event for the next day's event or on the morning prior to an event.

For all Team Captains' Meetings for all U.S. Ski & Snowboard-sanctioned events – both scored and non-scored, and regardless of where and when they occur, an Attendance List must be available and signed by everyone attending the meeting. Meeting Minutes must be generated and must be included in the submitted race result packet.

The agenda for a Team Captains' Meeting should be placed on the Head Table. **(Refer to #22. Checklist for TC Mtg. & #23. and Program/Team Captain's Mtg. Minutes – Non-FIS)** The agenda will sometimes vary, e.g. the Draw will be done near the beginning of the meeting in order to allow time for sorting and a timely distribution of bibs.

- A. Preparation and Procedures:** The degree of formality required depends on the level of the event
1. Coaches/trainer seating arrangement
 - a. School room fashion with facing head table for Jury, if possible
 - b. As a courtesy, pencil/notepaper may be provided
 - c. As a courtesy, refreshments may be provided.
 - d. For upper-level FIS events (WC), provide tables with country designation placards
 2. Head Table
 - a. Depending on level of event, seating may only be required for Technical Delegate and Chief of Race (chair of the meeting) after consultation with the Technical Delegate [601.3.1]
 - b. Special events may require that other officials also be seated at head table, e.g. Jury Advisors, area management, ski patrol representative, dignitaries
 - c. Place agenda/checklist at head table
 3. If a Seed Board is not required, furnishing a "List of Competitors by Club" for each entered team allows Team Captains to quickly review, verify or edit their entries.
 4. For events requiring a Seed Board, prepare seed cards for use on the board. These can either be computer generated or hand printed. When verifying accuracy of your information, you must refer to the original source – the valid Points List. Required information includes:
 - a. Name - LAST name (in caps) and first name; important when competitors have same last name and same first initial, e.g. SMITH, Tim and SMITH, Tom
 - b. Club/Division/Nation; (FIS requires Nation, FISU requires Nation and School). Quota can also be printed on the seed cards
 - c. Applicable Points: U.S. Ski & Snowboard, FIS, Nor-Am Cup or World Cup

5. Position the Draw/Seed Board so it is easily visible, (usually only used for scored events). This is a basic responsibility of the Race Administrator.
 - a. Prepare Draw portion of board with 15 lowest point competitors – increase if tie exists in 15th place
 - b. Place remaining competitors on the Seed portion of the board
 - c. Check for special seeding rules, e.g. World Cup, Nor-Am, and adaptive ["Golden Rule" U621.3.1]. *Golden Rule seeding is for U.S. Ski & Snowboard events only; no Golden Rule seeding for FIS.*
 - d. Although rules state that all competitors without points will be grouped together at the end of the field, if the number without points is too great, the Jury may group them differently. [601.4.6.2, 621.2, 621.3]
 - e. When two or more competitors are tied for points anywhere on the Board, the foreigner competitors are placed first as a courtesy or all are alphabetized. In case of a tie with U.S. Ski & Snowboard points, place in alphabetical order. Mark ties and brings them to the attention of the TD; their starting positions are drawn.
 - f. Foreign national points, **when verified by an official source, e.g. foreign federation's official points list**, are equal to U.S. Ski & Snowboard points.
 - g. Foreign FIS members without valid U.S. Ski & Snowboard Points are seeded with their valid FIS Points at U.S. Ski & Snowboard non-FIS competitions; these points are used in Penalty calculation, if required.
 - h. Foreign FIS members with valid U.S. Ski & Snowboard Points are seeded with their U.S. Ski & Snowboard points at U.S. Ski & Snowboard non-FIS competition; these points are used in Penalty calculation, if required.
6. Electronic draw/seed boards must have the capability to simultaneously and legibly display the entire competition field. Simultaneous display of all competitors allows all Team Captains and officials to verify the overall accuracy as well as additions and deletions to the starting order in "real time". *Using the race result software to display portions of the competition field is not acceptable.*

DHT NOTE: Official training forms an integral part of the competition. Competitors and Forerunners are required to participate in the training; they must *participate* in at least one timed training run. All qualified competitors entered for the competition must have been entered and drawn in all official training runs. ("Drawn" is accepted as meaning "assigned a start number". It does not mean "drawn in the first group".) (704.1)

7. Supplies for the Board that should be conveniently placed and *verified* are:
 - a. Extra cards
 - b. Black El Marko type pens
 - c. Access to current Points List appropriate to the event
 - d. U.S. Ski & Snowboard/FIS Point Confirmations, if received
 - e. Snow seed materials for DH, SG, and GS. If Team Captains agree and if software allows for computer-generated snow seed, no materials are required.
 - f. Two sets of chips, small cards, or ping-pong balls, etc., numbered #1 to #16+. It is a good idea to also have a few blanks available.
 - g. Two containers to use for Draw; 1 for each set of chips, cards, or ping-pong balls, etc.
8. Roll Call usually consists of calling a roll of the teams entered in the event. In upper-level events, each competitor's name may be called.

NOTE: *Competitors who are not represented or whose entry has not been confirmed by telephone, email or telefax will not be drawn and will be removed from the board. [217.3] Team Captains representing competitors who are not members of their clubs must acknowledge this representation. (Refer to #19. Acceptance of*

Liability by Team Captain). *Clubs represented by a Team Captain from another club must acknowledge, in writing, receipt of a copy of Team Captains' Meeting Minutes and Program.*

9. An attendance list must be circulated and signed by all parties. This documents who was present and received required race information. **(Refer to #25. Attendance List)**
 10. Race Administrator/Race Secretary/Team Captains' Secretary records minutes of the proceedings [601.3.7]. **(Refer to #23. Program/Team Captains' Mtg. Minutes – Non-FIS, and #24. Program/Team Captains' Mtg. Minutes - FIS)**
 11. Verify available bib numbers and setup a system for sorting and distribution.
 12. Verify header information on event documents is as listed on the U.S. Ski & Snowboard website. For example, if the website states that the event is the Western Regional Championships at Ski Race Mtn., official documents **SHOULD NOT** read Western Region Finals at Ski Race Area. (For a FIS event, data must agree with FIS website.)
 13. Print and distribute First Run Start Lists in a timely manner.
- B. Event Medical Plan**
Verify copies of medical plan are available for distribution. *Discussion and acceptance of event medical plan must be noted in Minutes of Team Captains' Meeting.*
- C. The Draw.**
1. Double Draw is recommended [217, 601.4.6.2, 621]. It is simultaneous drawing of competitor number (their place on seed board) and their start number by Referee(s). [601.4.10]

REMINDER: *For a U.S. Ski & Snowboard non-FIS event, the Jury can allow a computer-generated draw. FIS rules require the consent of the Team Captains' as indicated by signature on the entry form. It is recommended that the Race Administrator be prepared for a "double draw" at all events.*

Two Sets of Numbers - tags, ping-pong balls, etc., numbered 1 through 19, in case of a tie for 15th position. The first set is for selecting the competitor by drawing their numbered place on the Draw Board. The second set is for selecting the competitor's start position.

Example:

#5 is drawn from 1st set:

Competitor in 5th spot on Draw Board - Olson, Matt

Matt Olson's seed strip removed from 5th spot on Draw Board and placed in 1st spot on Seed Board.

#1 is drawn from 2nd set:

Starts first

2. Start Lists for YSL, Age Class, Collegiate, Adaptive, Masters, etc., are prepared according to specific rules relating to type of competition - CHECK CURRENT RULES.
 3. Draw for National Championships – [621.3.2]
 4. Draw for Nor-Am - CHECK CURRENT RULES
 5. Draw for World Cup - CHECK CURRENT RULES
- D. Snow Seed:** Downhill, Super G and Giant Slalom also allow for a Start Order in Extraordinary Circumstances – usually bad weather. This "Snow Seed" is selected by drawing 6 competitors from

among the last 20% of the field. These competitors start prior to Start #1, in the reverse order of their assigned start numbers and at the scheduled start time.

E. Overview of Race Administrator duties at the meeting

1. Provide copies of proposed event-day Program
2. Provide copies of Jury-approved “Event Medical Plan”
3. Circulate attendance sheet

NOTE: *In cases of force majeure where more than two DH or SG events or more than one GS or SL event, per gender, are conducted in one day and in one place, then the official Program showing inspection times, start times, course reset/redress times and start intervals for both events must be included with the race results packet submitted to U.S. Ski & Snowboard. [U202.2.1]*

4. Provide an updated weather report
5. Record bib numbers following the Draw
6. Sort and distribute bibs
7. Take digital photo of board
8. Prepare race day document packets
9. Prepare minutes on approved form [601.3.7]

VII. PREPARATION FOR REGISTRATION - and the Registration

A. Packets prepared ahead of time with forms for the following race officials are a great time saver. Although timekeepers do not need some of the forms, the timing area is often where people expect to find items they need.

1. Chief of Timing & Calculations Packet of Forms
 - a. Report by the Referee - 1 per run per gender (**Refer to #34. Report by the Referee**)
 - b. Additional Start/Finish Timekeeper Recording Forms (**Refer to #26. Start/Finish Timekeeper Recording Form**)
 - c. Replacement Time (EET) Work Sheets (**Refer to #29. Replacement Time EET Work Sheet**) *Chief of T & C may prefer to use computer-generated calculation.*
 - d. Electronic Time Recording Form (**Refer to #28. Electronic Time Recording Form**)
 - e. U.S. Ski & Snowboard or FIS Penalty Point Calculation forms - 1 per race/per gender (**Refer to #38. U.S. Penalty Calculation and #39. FIS Penalty Calculation**)
 - f. Protest forms (**Refer to #35. Protest Form**)
 - g. Additional Start/Finish Referee Record Forms (**Refer to #27. Start/Finish Referee Recording Form**)
 - h. Timing Checklist (**Refer to #42. Timing Checklist**)
 - i. Timing & Data Technical Report Form - 1 per run per *race/per gender*, if required (**Refer to #43. U.S. Timing & Data Technical Report and FIS TDTR sample. FIS TDTR software preparation is required for FIS events; for non-FIS events, the Chief of T & C may choose to use TDTR software to prepare this report; verify preference.**)
 - j. Additional Gate Judge Cards

2. The supplies in the timing building
 - a. Envelope(s) or large plastic bag(s) for sending documents to Race Administration
 - b. Pencils
 - c. Paper clips
 - d. El Marko type pens, permanent ink (scoreboard)
 - e. Tacks/staples for scoreboard
 - f. Scotch tape, Duct tape
 - g. Protective cover sheets
 - h. Clipboards
 - i. Manual timekeeping devices with fresh batteries/extra batteries
 - j. Hand warmers for manual timekeeping devices (helpful in extreme cold)
 - k. Rubber bands
 - l. Additional paper or tape for the timing equipment
 - m. Additional ink supply for printers/copiers
3. Assistant Timekeepers - Start/Finish Manual/Hand Timing - can be given to Chief of Timing & Calculations
 - a. Pencils
 - b. Start/Finish Timekeeping Recording Forms
 - c. Clipboards and protective cover sheets
4. Start/Finish Referees
 - a. Pencils
 - b. Start/Finish Referee Recording Forms
 - c. Clipboards and protective cover sheets
 - d. For Start Referee: Reserve (spare) bibs that are blank or that have numbers outside of those assigned for the event. Responsibility for the availability of these bibs has been added to the duties of the Start Referee. [601.3.3]
5. Chief Gate Judge (**Refer to #61 - #64. Gate Judge Cards and Instructions**) depending on type of event.

NOTE: The “Fault/No Fault” Gate Judge Card is recommended for technical events – GS and SL – where, especially in second runs, bib numbers are not sequential. The “Fault Only” Gate Judge Card is recommended for use at speed events – DH and SG.

- a. Pencils; any type, mechanical, golf, #2, is acceptable [601.3.5]
 - b. Gate Judge Cards, enough for 2 runs GS or SL
 - c. Extra clipboards and protective cover sheets [661.2]
 - d. Gate Judge Training video: "Gate Judges - The Most Important People on the Hill", should be available as part of Gate Judge training and review.
- B.** Registration system will depend on the physical situation available.
1. Set up an area to handle problem entries, e.g. those that require signed ski area release forms, additional payment, etc.
 2. Set up separate areas for team registrations and individual registrations
 3. Separate worker registration as far as possible from your competitor registration.
 - a. Verify U.S. Ski & Snowboard membership using either U.S. Ski & Snowboard website or actual membership cards

- b. Have Volunteer Worker Registration forms available for signature by age eligible non-members (OC has the option of requiring either 1 signed form per season or one signed form for each race series.)
4. Post information. The more information you post - the fewer questions you'll be asked

VIII. BASIC EVENT RESPONSIBILITIES

The Race Administrator is the one official who has the most contact with all participants – officials, competitors, forerunners, parents, volunteers, media, etc. In order to successfully complete all event responsibilities, the Race Administrator must have a radio that allows monitoring of Jury and course crew channels.

- A. Verify accuracy of all published documents against the original source.
 1. Header against event data noted on website
 2. Technical data against Homologation Certificate
 - a. Course name and homologation number against Homologation Certificate
 - b. Start/finish elevations against Technical Delegate's verification
 3. Competitor information against current Points Lists
 4. FIS Penalty data against cover of current FIS Points List
 5. Competitors' times against timing tapes from homologated electronic timing equipment
 6. NPS, DNS, DNF, DSQ status against Report by the Referee, etc. *If the bib number for a disqualified competitor does not match the name associated with its original assignment, the Race Administrator must immediately contact the Jury for verification.*
 7. Who can start in the second run?
 - a. In U.S. Ski & Snowboard non-scored races first-run DNS, DNF and DSQ competitors usually start the second run at the end of class, gender or field
 - b. For U.S. Ski & Snowboard non-scored races where each run counts individually, first-run DNS, DNF and DSQ competitors remain in the field and start as scheduled
 - c. In U.S. Ski & Snowboard scored races, first-run DNF and DSQ competitors may start the second run at the end of the field *in bib order*
 - d. In FIS races, disqualified competitors who have not protested disqualification or whose protested disqualification has been upheld, do not start in the second run
- B. On race day morning, provide Start Lists to Start and Finish officials. If any corrections to competitors' start order have been made, a CORRECTED START LIST must be generated, and Jury, timing, start and finish officials must receive copies. It is not necessary to provide Start Lists to Assistant Timekeepers (Manual/Hand Timekeepers) and Gate Judges. (It is often better that these officials watch for bib numbers instead of watching a "List".)

NOTE: If an insertion in the field is required, assign an out-of-sequence bib number and, if your software requires, assign the actual start number and then adjust remaining start numbers; this will result in an offset of bib number to start number for the remaining competitors. Using an alpha designation for an insertion (e. g. 15A for an insertion between competitors 15 & 16 is not recommended because your software may use the start number for sorting. A start number containing an alpha character may not be recognized as a "number", but instead may be recognized as zero and can result in unexpected and possibly wrong outcomes.

SUGGESTION: *If your software does not allow insertion of graphics (logos), pre-print a supply of “logo first pages”. These “logo first pages” can be inserted in the printer and used for printing the first page of a document to provide sponsor recognition.*

- C. If required by the level of the event, provide Start Lists, Minutes, etc., for delivery to the various coaches/trainers/teams or prepare them for delivery the morning of the event.
- D. Complete Minutes of Team Captains' Meeting, e.g. **measured length of course for DH and SG** (measured gate-to-gate length along the racing line, not vertical drop or length of course listed on homologation certificate). This measurement can be done either with a wheel, a tape or a GPS and is used to calculate competitors' average speed on the course.
- E. Verify accuracy of Second Run Start List. [617.3.3, 621.11.2]

NOTE: Reverse 30 is standard bibbo; Jury may reverse 15; announced 1 hour prior to start of first run.

1. Rank all first run competitors in time order.
2. Remove DSQ competitors from the field unless they are being given a provisional second run or the type of event allows a second run for DSQ competitors (AC where SL is first run).
3. Break all ties, regardless of where they occur, by ranking the tied competitor(s) with the higher bib number(s) before the tied competitor(s) with the lower bib number(s).
4. Verify the number of competitors that are to be reversed (bibbo).
5. Check for a tie at the reversal position.
6. If a tie has occurred at the reversal position – 30 or 15, include those ties in the reversal number. This will result in the lower bib number starting first and the racer with the fastest first run time starting 31/16 (with a 3-way tie at the reversal position, the racer with the fastest first run time would start 32/17, etc.)
7. Reverse correct number of competitors including ties, if applicable.
8. When ties occur elsewhere in the field other than in the reversed group, the tied racer(s) with the higher bib number(s) will start prior to the tied racer(s) with the lower bib number(s).
9. Items to remember:
 - a. If “bibbo” is 30, check for tie at the 30th position
 - b. If “bibbo” is 15, check for tie at the 15th position
 - c. Verify start position for other ties
 - d. If applicable to level of event, check for tie at second run cutoff position

NOTE: Due to space constraints, reverse 15 is illustrated.

*** **NOTE:** This is the racer's place not his bib number!

- F.** If race is a Downhill, you will publish Training Times and Analyses of the interval times. Coaches, as well as media, need these reports. On race day, you'll need to publish Official Results and possibly Analyses.
- G.** If race is a Super G, you will need to publish Official Results and possibly Analyses.
- H.** If the race is a technical - Slalom or Giant Slalom or the hybrid speed/technical Alpine Combined, you will have to publish 2nd Run Start Lists as well as Official Results.

If there is a problem with the computer generated 2nd Run Start List, notify the Jury that the Start List has to be prepared manually. If a 2nd Run Start List has to be prepared manually, the run can start on time if only the Assistant Starter and timing building personnel have copies.

NOTE: Jury Meetings [601.3.7, 601.4.5.5] Race Administrator (or assistant) records minutes of ALL Jury meetings. At the end of the event, the Race Administrator should have Jury Minutes ready for the Technical Delegate's review/approval and Jury members' signatures. *For liability reasons, Minutes of Jury Decisions – With or Without Protest, have restricted distribution.*

- I.** Minutes of Jury Decisions - Without Protest (Items may be documented sequentially, using only one form per event.)
 - 1. Required prior to Team Captains' Meeting to approve Event Medical Plan
 - 2. After course inspection(s) to approve course set and on-hill competitor security and confirm daily Program (schedule)
 - 3. Before and after a termination of a race
 - 4. Additional meetings as determined by the Jury

5. Minutes must contain signatures of Jury members with record of their vote [601.4.5.5]

L. Minutes of Jury Decision - Protest (Only collective sanctions may be documented on the same form; all others require individual forms.) By rule, Minutes of Jury Decisions - Protest must contain the following:

1. Offense alleged to have been committed [224.8.1]
2. The evidence of the offense [224.8.2]
3. The rule(s) or Jury directives that have been violated [224.8.3]
4. The penalty imposed [224.8.4]
5. Minutes must contain signatures of Jury members with record of their vote [601.4.5.5]

M. Comments Regarding Jury Minutes and Sanctions

1. Accused has the right to be heard
2. All facts must be available and presented
3. Jury should consider/discuss all options
4. Sanction should fit the “crime”
5. With the exception of verbal sanctions, the Jury decision must be documented
6. Minutes must contain signatures of Jury members with record of their vote [601.4.5.5]

N. Content of Jury Minutes:

1. If a run (training or part of race) is rescheduled for a later time slot on the same day, it is **DELAYED**.
2. If it is rescheduled for a different day within the series, it is **POSTPONED**.
3. When a run (training or part of a race) is started but cannot be finished, it is **TERMINATED**.
4. If an event (training or part of a race) cannot be rescheduled within the same series, it is **canceled**, the U.S. Ski & Snowboard race code/FIS codex number is vacated and the event liability insurance is no longer valid. *A new Schedule Agreement will be required.*

O. Other Comments Regarding Jury Minutes:

1. Using “**MUST**” means an action is mandatory.
2. Using “**SHOULD**” means an action is strongly recommended.
3. Using “**MAY**” means an action is optional.
4. Using “**SAFE**” means “free from danger” and **MUST NOT** be used.
5. “**ASSURE, INSURE and ENSURE**” must not be used.
6. Should you use “**will**” or “**shall**”?

- a. *“Will” implies volition or intention*
 - b. *“Shall” implies necessity or mandatory nature of an action and can stray into the neighborhood of **Must!***
7. Jury Minutes must only contain facts – not opinions.
 8. Jury Minutes should only be written regarding actual decisions. Do not write Minutes similar to: “1st Run completed, no issues, no DSQ’s.” or “Team Captain will file an appeal.”
 9. Jury Minutes regarding sanctions must be prepared on a separate form.
 10. With the exception of OWG and WSC, the Start and Finish Referee are not voting members of the Jury; their names must not be included as such on the form. If their presence and testimony is required at a Jury Meeting, it must be noted under section “Others present at the meeting.”
 11. Jury Minutes must be generated indicating Jury’s review and acceptance of Medical Plan.
 12. Team Captains are entitled to attend the Jury’s course/on-hill competitor security inspection. Course and on-hill competitor security inspection Jury Minutes **MUST** include wording similar to following: “Course and competitor on-hill security inspected by Jury, found to meet (FIS or U.S. Ski & Snowboard) requirements and with the approval of the Connection Coach (if one is assigned) and the Team Captains, accepted as set.” (This type of Jury Minutes is required for all events, including Speed Training runs.) Following course inspection, the Jury confirms the daily Program (schedule); the Jury Minutes must also document this acceptance.
 13. Jury Minutes must be generated for events that are postponed.
 14. Jury Minutes must be generated for events that are terminated or that are canceled after everyone has arrived on site. (A Technical Delegate Report may also need to be filed.)

XII. THE “WHEN AND WHY” OF INCLUSION OF JURY MINUTES IN RACE PACKETS

Protest and Minutes of Jury Decision (Protest) are in “might be included” because not all events have Protests and accompanying Jury Minutes. In accordance with instructions received at FIS TD Updates and implemented at the U.S. Ski & Snowboard level, the only items that require Jury Minutes are those with “definite” decisions.

Many Technical Delegates limit the number of Jury Minutes that are produced. Rules state minutes are to be kept of all Jury meetings; HOWEVER, not all Jury meetings require written documentation.

- Acceptance of DH and SG courses and on-hill competitor security must be documented with Jury Minutes; acceptance of GS and SL courses and on-hill competitor security at TD’s discretion.
- A long delay would be documented; a short one would not.
- If a competitor who competed with an incorrect bib is sanctioned, the sanction would be documented; the issuance of a replacement bib to a competitor who misplaced his bib would not.
- Monetary fines (FIS only), disqualification, impaired start position, etc., must be documented.
- Written sanctions require Jury Minutes; verbal ones do not.

XIII. TECHNICAL DELEGATES’ EXPENSES

Invited or assigned key officials may be entitled to reimbursement of reasonable expenses, e.g. mileage, travel, meals, accommodations, etc. By rule, Technical Delegates are entitled to reimbursement of reasonable out-of-pocket expenses. *In addition to reimbursement of these expenses*, U.S. Ski & Snowboard Technical Delegates for *all* U.S. Ski & Snowboard events – both scored and non-scored, are entitled to \$75/day daily allowance for each travel/preparation/training/event day; FIS Technical Delegates are entitled to daily allowance according to a prescribed formula. This daily allowance is in addition to their out-of-pocket expenses and mileage allowance. **(Refer to #47. U.S. Ski & Snowboard Officials’ Expense Report and #48. FIS Technical Delegate Expense Report).** *Copies of U.S. Ski & Snowboard and FIS Technical Delegate’s Expense Reports must be forwarded to individuals as noted on the forms.*

NOTE: FIS Technical Delegates serving as Technical Delegates at U.S. Ski & Snowboard non-FIS events are only entitled to U.S. Ski & Snowboard daily allowance of \$75 per travel/preparation/training/event day.

XIV. WORKING PAPERS - AOM Chapter VI

The accuracy of the forms included in the MPF posted on the U.S. Ski & Snowboard website is verified at the beginning of each competition season and is updated as required. Please only use current forms.

**U.S. SKI & SNOWBOARD
SCHEDULE AGREEMENT FOR U.S. SKI & SNOWBOARD OR FIS SANCTIONED EVENT**

This Schedule Agreement (hereinafter "Agreement") is made and entered into by and between U.S. Ski & Snowboard, in behalf of itself and/or as local representative of the International Ski Federation (hereinafter "FIS"), ski area/landowner, and the **Far West Skiing** (hereinafter "Organizer") shown on the first page of this Agreement.

For and in consideration of the mutual covenants set forth herein, as well as other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. Organizer agrees that it shall be bound by and shall conform to all current event requirements as established by U.S. Ski & Snowboard or FIS, as the case may be. Such regulations are incorporated herein by this reference.
2. "Event" shall mean the **Far West Masters/Juniors Development Project** listed on the first page of this Agreement and such official training and other activities as may be specifically outlined by the rules and regulations in effect at the time of the Event. The terms of this Agreement shall apply only to the Event as described on the first page of this Agreement at the time of execution by U.S. Ski & Snowboard. A separate Agreement must be executed for any additional events or competitions.
3. Organizer shall be responsible for payment of all costs and expenses associated with the conduct of the Event listed on the first page of this Agreement, including calendar fees, head taxes, awards, as well as event official's fees and expenses as required by current U.S. Ski & Snowboard or FIS rules.
4. U.S. Ski & Snowboard agrees that the Event shall be known and listed as either an official U.S. Ski & Snowboard event or FIS event, and U.S. Ski & Snowboard agrees to place the Event on the appropriate Calendar and certify the results of such Event as official upon receipt of the specified fees from Organizer.
5. Notice of postponement, change, or cancellation, shall be made in writing by fax or email, to the U.S. Ski & Snowboard national office. Concurrent notice shall be made to the regional/divisional offices of U.S. Ski & Snowboard and to the assigned technical delegate. In the case of cancelled events or competitions, Organizer shall remain responsible for all fees due U.S. Ski & Snowboard and/or FIS.
6. A duly constituted event jury shall be named and empowered by Organizer, U.S. Ski & Snowboard or FIS (where applicable). For U.S. Ski & Snowboard sanctioned Events, all jury members and judges must have a current U.S. Ski & Snowboard Officials membership. For FIS sanctioned Events, all jury members and judges must be current Officials members of U.S. Ski & Snowboard or of a national federation recognized by FIS. As appropriate to the discipline and type of Event, all referees, course-setters, judges, and chief of timing and calculations and other senior officials must be appropriately certified, U.S. Ski & Snowboard (and FIS where applicable) reserves the right to nominate referees, judges, and course-setters for the Event, according to policies and procedures of the U.S. Ski & Snowboard Board of Directors and FIS. Unless insufficient qualified individuals are available to perform such functions, the referee, assistant referee, and one-half of the course setters and/or judges shall be individuals who are not officers, directors, regular employees or members of Organizer itself or any of its parent entities or subsidiaries.
7. The portions of the facilities (trails, slopes, jumps, half-pipes, etc.) that are to be used in the actual event must conform with applicable U.S. Ski & Snowboard or FIS rules as applied by the technical delegate and event jury. Organizer shall be responsible for working with the ski area/landowner, U.S. Ski & Snowboard or FIS, and the event jury to select these facilities and ensure that they are prepared in conformity with applicable rules, and homologation or facility approval requirements according to discipline and type of event. U.S. Ski & Snowboard and FIS shall not be responsible for any costs incurred to achieve compliance.
8. Organizer agrees that entries for the Event shall be accepted only according to the respective U.S. Ski & Snowboard or FIS rules then in effect. Organizer agrees that entry of any foreign competitors shall be through the U.S. Ski & Snowboard national office only, unless such competitors have a current U.S. Ski & Snowboard membership and conform to all requirements for entry, including local, divisional, regional, state, and national qualifications.
9. The parties hereto understand and agree that U.S. Ski & Snowboard or FIS respectively, retain all commercial sponsorship rights and media exploitation rights arising in connection with the Event.
10. For events in which U.S. Ski or Snowboard Team participation is expected, a separate event agreement may be required by U.S. Ski & Snowboard in addition to this Agreement. For such events, failure of Organizer to execute such separate agreement if requested by U.S. Ski & Snowboard shall render this Agreement null and void.
11. Organizer shall either pay or waive admissions charges, entry fees, and any lift ticket fees for members, coaches and officials of the U.S. Ski or Snowboard Team and other FIS national ski or snowboard teams, in accordance with U.S. Ski & Snowboard and/or FIS policy.
12. Organizer shall process and submit proper results, as verified by the original signature of the technical delegate, and shall remit applicable U.S. Ski & Snowboard Head Taxes or other fees, according to U.S. Ski & Snowboard and FIS rules then in effect. Results shall not be certified by U.S. Ski & Snowboard or FIS until any outstanding financial obligations of Organizer to U.S. Ski & Snowboard and/or FIS have been satisfied in full.
13. For information on applicable insurance coverages for Organizers and ski area/landowners, please visit http://www.amerspec.com/ussa_cov/pdf/summary.pdf. All coverage is contingent on the proper execution of this Agreement including all appropriate detail as to date, location, discipline, type of event, and class(es) of participants.
14. Organizer agrees:

(a) to comply with any requirement of federal, state or local law, or any safety or eligibility regulation of U.S. Ski & Snowboard or FIS, in connection with the Event;

(b) to exclude from competing in the Event any person who lacks proof of either current U.S. Ski & Snowboard membership in good standing, current listing on the FIS points list, or has been properly entered by a recognized federation that is a member of the FIS;

(c) to exclude from the Event any person whom the Jury has not deemed qualified to forerun or compete;

(d) to exclude from physical presence within Event areas or courses, at all such times as any facet of the Event may be underway, any workers who are not U.S. Ski & Snowboard members, properly credentialed FIS officials, coaches and trainers, or regular employees or agents of Organizer or ski area/landowner acting within the scope of their employment, unless such workers have properly executed a "Competition Worker Registration" form.

Failure to abide by the provisions of this Agreement may void any insurance coverages provided by U.S. Ski & Snowboard or FIS.

15. Once witnessed by the signatures on the first page of this Agreement, the terms set forth herein may be altered only by such supplemental agreements and other supplemental materials incorporated therein as are witnessed by these same parties or their authorized agents in writing. This Agreement shall extend to and be binding upon the successors and assignees of the parties hereto. The Agreement shall supersede all prior agreements between the parties relating in any way to the subject matter hereof (except for any event agreements as described in paragraph 10 above). This Agreement may be executed in counterparts, and shall be construed in accordance with, and governed by the substantive laws of, the State of Utah, without reference to principles governing choice or conflicts of laws. In addition, all legal proceedings relating to the subject matter of this Agreement shall be maintained in state courts sitting in Summit County, Utah or federal district courts sitting in the District of Utah. Central Division and Organizer consents and agrees that jurisdiction and venue for such proceedings shall lie exclusively with such courts.

Dear Parent or Guardian,

Your athlete is suspected of having suffered a concussion either in training or in competition.

Because of that suspicion, your athlete has been removed from training and competition and will be placed on medical hold with U.S. Ski & Snowboard. This hold will prevent your athlete from training or competing in U.S. Ski & Snowboard sports.

What now?

On the reverse of this letter is a form that must be completed by a licensed health care provider who is trained in the evaluation and management of a concussion and who has, within three years before the day on which the written statement is made, successfully completed a continuing education course in the evaluation and management of a concussion. The form needs to be returned to me before your athlete can be removed from medical hold.

Once the form is submitted, your athlete will be removed from medical hold as soon as possible, however please know that depending upon timing this may take up to 48 hours.

A listing of some trained medical professionals can be found here impacttest.com. While this list is not exhaustive, it is a starting point. You can also check with your primary care physician for a referral.

We understand that you are anxious to get your athlete back to training and competition and we will work to facilitate that return as soon as possible. However, we cannot allow that return to training and competition until the athlete is cleared.

For more information on concussions, please see the resources at the U.S. government's Centers for Disease Control and Prevention cdc.gov/headsup.

If you have any questions, please let me know.

Alpine Competition Exceptional Athlete "Ski Up"

Assumption of Risk, Release and Indemnity Agreement

THIS ALPINE COMPETITION "SKI UP" ASSUMPTION OF RISK, RELEASE AND INDEMNITY AGREEMENT (the "Agreement") is provided by the ATHLETE/COMPETITOR signing the Agreement (the "Athlete") and his/her parent(s) and legal guardian(s) (the "Parent(s)") to U.S. SKI & SNOWBOARD; the REGIONS and DIVISIONS of the U.S. SKI & SNOWBOARD; and the ORGANIZERS AND OFFICIALS of alpine ski racing competitions entered by the Competitor (sometimes hereinafter referred to collectively as the "U.S. Ski & Snowboard").

"Ski Up" Definition: On October 30, 1998, the U.S. Ski & Snowboard Alpine Sport Executive Committee stated that circumstances may exist for certain athletes in alpine ski competition to be authorized to compete in an age group competition with a class of competitors which are older than the age group designated by U.S. Ski & Snowboard. For example a U12 competitor (age 11 years or younger) who is technically and/or physically more advanced than other competitors in his or her age group may request to compete as a U14, or compete on courses set for U14's, (that is, with competitors who are 12 and 13 years of age). The intention of the authorization is to accommodate the very top athletes nationally. ***This release authorizes the athlete to compete in the next older age group, but only in the events (DH, SL, GS, SG, AC) in which they are normally eligible and only in the specific competitions authorized by U.S. Ski & Snowboard National Development Director (September 2001 ASC executive).*** A competitor who advances to an age category with older competitors will be referred to in this Agreement as "Skiing Up." The opportunity to Ski Up is not automatic, however, and competitors may do so only after they have received authorization through the procedure set forth below and have met additional local requirements that may be competition specific.

Ski Up Procedure:

1. The procedure for Skiing Up is a request made by a competitor, his/her parents and the competitor's coach to the Regional or Divisional Alpine Committee where the competitor resides and the U.S. Ski & Snowboard alpine staff person responsible for the respective Region or Division and the National Development Director.
2. Authorization to Ski Up is granted and only valid for, the Region or Division from which the authorization is provided, based upon a determination by U.S. Ski & Snowboard alpine staff and the applicable Regional or Divisional Alpine Committee that the competitor has demonstrated the technical athletic ability to train and compete with an older age category.
3. The parents and competitor acknowledge the additional risks and dangers associated with Skiing Up by signing this Agreement.

General Assumption of Risk – Skiing Has Risks and Dangers: The Competitor and his/her Parents acknowledge that participation in alpine ski competition and training in connection with such ski competitions is hazardous and involves great risk of physical injury or death. The Competitor and his/her Parents expressly assume any and all risk associated with competing or training for or otherwise participating in such competitions, including without limitation, the risks and inherent dangers of ski racing course conditions and those associated with skiing and riding the lifts generally. This assumption of risk also includes changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees, collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities.

Specific Assumption of Risk – Skiing Up Involves Greater Risks and Dangers: The Competitor and his/her Parents acknowledge that permission to Ski Up is granted by the U.S. Ski & Snowboard and the Regional or Divisional Alpine Committees, only at the request and recommendation of the Competitor's coach and Parents, and the request of the Competitor. The request and recommendation has been made by them to provide the Competitor with enhanced opportunities to compete on alpine training and competition courses that will be of greater vertical drop on more challenging terrain in a more intense competitive environment than provided for in U.S. Ski & Snowboard rules developed for the standard assigned U.S. Ski & Snowboard age class.

By signing this Agreement, the Competitor and his/her parents fully accept the more hazardous, demanding and difficult competition and training situations, and that Skiing Up involves greater risk of physical injury or death with the greater vertical drop on more challenging terrain in a more intense competitive environment.

Release of Claims: In exchange for receiving permission for the Competitor to Ski Up, the Competitor and his/her Parents release and forever discharge the U.S. Ski & Snowboard and its trustees, directors, officers, employees, contractors, volunteers, insurers, and all other persons from any and all claims which might arise from accidents, injuries or fatalities that may occur as a result of Skiing Up. This release of claims includes, but is not limited to, those based on negligence, contract and/or breach of warranty.

Covenant Not To Sue: The Competitor and his/her Parents agree not to sue or file any lawsuit, action, arbitration or claim against the U.S. Ski & Snowboard if the Competitor or any third-party is physically injured or property is damaged as the result of or connection with the Competitor Skiing Up.

Defense and Indemnity: The Parents of the Competitor agree to defend, indemnify, and hold the U.S. Ski & Snowboard harmless from any and all claims or lawsuits brought against the U.S. Ski & Snowboard arising out of or in connection with the Competitor Skiing Up.

I also know and accept that the risks factors include environmental conditions, technical equipment, and atmospheric influences as well as natural or manmade obstacles. I am further aware that certain movements or actions cannot always be anticipated or controlled and therefore cannot be avoided or prevented through safety measures.

Consequently, I know and accept that when I engage in such competitive activities, my physical integrity and, in extreme cases, even my life may be at risk.

Furthermore, I know and accept that the above mentioned dangers linked with my participation may threaten third parties within the competition and training area.

I will conduct my own inspection of training and competition courses. I will immediately notify the jury of any safety concerns I may have. I understand that I am responsible for the choice of the appropriate equipment and of its condition, for the speed at which I race and for the selection of my line through the course.

3. PERSONAL LIABILITY

I understand that I may be found personally liable to third parties for damages arising from bodily injury or property damage they may suffer as a result of an occurrence linked with my participation in training or competition. I agree that it is not the responsibility of the organizer to inspect or supervise my equipment.

4. RELEASE

To the extent permitted by the applicable law, I release FIS, my National Association, and the organizers and their respective members, directors, officers, employees, volunteers, contractors and agents from any liability for any loss, injury, or damage suffered in relation to my participation in FIS sanctioned competition or training.

5. DISPUTE RESOLUTION

Without limitation to the jurisdiction of any body of competent jurisdiction in connection with the application of the FIS Rules, regulations and procedures to which I submit as a consequence of my participation at events that are published in the FIS calendar (see point 1 above), I agree that any dispute which is not to be adjudicated in application of procedures provided for by the FIS Rules, regulations and procedures, but which arises between myself and the FIS and/or the organizer of an event in the FIS calendar, including but not limited to claims for damages of either party against the other arising out of occurrences (acts or omissions) linked with my participation to such an event shall be governed by Swiss law and exclusively settled by arbitration before the Court of Arbitration for Sport ("CAS") in Lausanne in accordance with the CAS rules then in effect.

This Declaration be governed and construed according to Swiss law and to the extent permitted by applicable law shall also be binding on my heirs, successors, beneficiaries, next of kin or assigns who might pursue any legal action in connection with the same.

I have read and understood the above Athlete's Declaration.

Volunteer Competition Worker Registration Form

Name (Please Print): _____

Address: _____

Read the following warnings carefully before signing this form. This is a waiver of certain legal rights:

Ski and snowboard competitions involve **many inherent risks, dangers and hazards**. These risks, dangers and hazards may exist at any time and at any place in and around the competition course or facility. They may threaten not only the competitors themselves, but may also threaten me as a competition worker.

Due to high speeds, slick surfaces and icy conditions, you will be at risk of being struck by competitors and/or runaway equipment. While you **must pay close attention to the intervals between competitors**, you must also be aware that such intervals are sometimes irregular. You must **pay special attention to competitor fall zones and likely trajectories of competitors** who may lose control and/or fall. If you have any questions or concerns about fall zones and/or trajectories, you should inquire with a member of the Competition Jury.

The Competition Jury is responsible for controlling the competition. You must comply with all instructions of the Jury regarding opening and closing of courses, and regarding your positioning and conduct on the course. However, given the unpredictability of ski and snowboard competition and the winter mountain environment, following the advice of Competition Jury members or any other person **does not and cannot guarantee your safety**. If you believe that complying with a Competition Jury instruction would expose you to risk of injury, you should clearly state your concern to a Jury member and state your intention not to follow the instruction.

Competition equipment may be cumbersome and heavy. Exercise caution in carrying and handling such equipment to avoid injury from strain or exertion, particularly when working on steep and uneven terrain. Also, pay attention to climatic conditions and protect yourself from exposure and dehydration.

Side-slipping of competition courses involves many of the risks and dangers inherent in the sport of skiing. These risks may be exacerbated by short time periods between competitors in which side-slipping must be completed. If you lack advanced skiing skills or are otherwise unwilling to assume the risks inherent in this activity, do not participate in side-slipping of courses.

Consumption of alcohol or illegal drugs by competition workers in U.S. Ski & Snowboard competitions is strictly prohibited.

By affixing my signature below, I represent that I am over the age of eighteen (18) years of age, have read the foregoing warnings and in spite of the risks, dangers and hazards involved in such activities, I nevertheless choose to volunteer my services as a U.S. Ski & Snowboard Competition Worker. By so doing, I agree to release, indemnify, defend, and hold harmless ~~the~~ U.S. Ski & Snowboard, its employees, affiliates, insurers, officials and sponsors from any and all claims arising from my participation as a competition worker regardless of negligence. I also understand and agree that as a volunteer I am not entitled to workers compensation coverage for injuries arising from my participation in these activities and agree not to seek coverage under U.S. Ski & Snowboard's workers compensation insurance.

INSTRUCTIONS FOR GATE JUDGES

Wear clothing appropriate for varying and unknown weather conditions.

- Stand where you can see all your gates and can take prompt action to repair the course.
- Record all faults (F):
 - Mark all faults (F) and OKs immediately. If F, draw a diagram and indicate which gate was the source of the fault and mark the athlete's bib # next to the diagram
 - Be prepared to explain all faults.
 - Do not discuss the fault with anyone except the Chief Gate Judge or Jury members.
 - If you have reported an F, it is sometimes necessary to attend a jury meeting. Check with the Chief Gate Judge after the race.
 - Do not report an F if you are in doubt. Give the racer the benefit of the doubt.
- Record on card the circumstance of any interference to a racer's run.
- If a racer questions a Gate Judge or commits an error that might lead to disqualification, the Gate Judge **MUST** communicate with the racer by saying "GO" or "BACK".
- Avoid conversations and other distractions. Concentrate on your job.
- Avoid interference of any kind with a racer.
- Maintain the course in equal condition for all racers, if possible.
 - Replace broken poles in exact position and keep vertical.
 - Put flags back in place.
 - Maintain and repair course.
 - Keep spectators, photographers and other competitors clear of course.
- Remain in place until notified that race is over.

REASONS TO DECLARE A FAULT

- Racer fails to pass on the proper side, or fails to cross a gate line with both ski tips and both feet.
- Racer continues on course after coming to a complete stop. (exception: SL)
- Racer fails to give way to an overtaking competitor at the first call.
- Racer behaves in an unsportsmanlike manner.
- Racer trains and/or inspects contrary to Jury instructions.
- Racer trains on a course closed to competitors.
- Racer accepts outside help in any form.

DH, GS, SG
(SL 2 poles/gate)

GATE PASSAGE LINES IN SINGLE POLE EVENTS

WATCH THE SKI TIPS AND THE FEET

At each gate BOTH SKI TIPS AND BOTH FEET must cross the imaginary line joining the bases of the inside poles. They may cross from any direction to any direction (forward, backward, left, right, in and out the same side, etc.) and at any distance above the snow.

As long as BOTH SKI TIPS AND BOTH FEET cross the imaginary line, the racer is OK, even though:

- He knocks down one or all poles of a gate,
- He slides through the gate on some part of his body other than his feet,
- He enters and exits from the same side,
- He enters gates from a direction that differs from other racers,
- He passes through the gates out of their numerical order.
- In SL, he hikes back up through a gate, or loops around a missed turning pole.*

INSTRUCTIONS FOR THE GATE JUDGES

1. Upon arriving at your assigned gate(s) remove your skis and place them in a designated area.
2. Stand where you can best see all your gates while maintaining a position of maximum security. Most often you will be assisted in task 1 & 2 by your Section Chief, the Chief Gate Judge or the Technical Delegate.
3. Fill out the front of the card and then immediately draw a picture of your assigned gates. Draw the @ symbol to indicate your position. Mark all blue gates with a diamond ◇ symbol and all red gates with a circle ○ symbol.
4. Mark only faults (F) and note the racer's bib number – not start number – in the corresponding box.
 - a. Draw a detailed diagram of the fault on the pre-drawn gate picture.
 - b. Be prepared to explain all faults.
 - c. Do not discuss the fault with anyone except the Chief Gate Judge or Jury Members.
 - d. If you are a witness to a fault be prepared to attend a jury meeting and do not leave the finish area until dismissed by the Chief Gate Judge. This rule applies even if the fault occurs at a gate that you are not assigned (i.e. witness).
 - e. Do not record a fault if in doubt. Give the athlete the benefit of the doubt.
5. Record on the card the circumstances of any interference with a racer's run.
6. If a racer questions a Gate Judge or commits an error that might lead to disqualification the Gate Judge must communicate with the racer by saying, "go" or "back."
7. If necessary replace any gate poles and/or retie any gate flags until assistance from the Race Crew arrives.
8. Remain in place until your card is picked up by your Section Chief or the Chief Gate Judge.

This can be found under the Schedule Agreement area of the **club login**. A form showing the expected Head Tax for National, Regional and Divisional (not all Divisions have supplied Head Tax information for inclusion in the calculations) can be printed, verified against your calculation and returned with required Head Tax payments. HEAD TAX PROCEDURES as of September 2017

The following procedures for payment of National Head Tax are basically for the Organizing Committees (OC) that do not use U.S. Ski & Snowboard's online event registration system. If an OC uses the online event registration system, National Head Tax as well as required Region/Division Head Tax, will be deducted in accordance with Regional/Divisional requests prior to disbursement of entry fees to the OC. Required Head Tax not deducted remains the responsibility of the OC. The Head Tax Invoice (preferred) is available on the U.S. Ski & Snowboard website (refer to Head Tax Instructions pp.-6). It can be printed and it – or the Head Tax Accounting Sheet – and payment (either check or credit card information) can be submitted to U.S. Ski & Snowboard; if Head Tax is paid online, it can be paid with a credit card.

1. Eastern Region:

- ❖ If the OC is able to scan/PDF/submit electronic Event Document Packets to resultpackets@usskiandsnowboard.org, they should include Janet Larson janet.larson@usskiandsnowboard.org as a recipient so she can verify accuracy/content.
- ❖ If unable to scan/PDF/submit electronic Event Document Packets to resultpackets@usskiandsnowboard.org. Race Organizers must forward paper copy result packets directly to:

FIRST REPORT OF ACCIDENT INSTRUCTIONS

Whenever significant injury occurs that you believe may lead to an insurance claim, an incident report must be completed and sent to American Specialty. The form can be filled out online at www.amerspec.com/ussa_cov/ - click on "Online Incident Reporting". If you use the online form you do not need to mail a physical copy, but you may want to print and keep one for your records. Alternately, a physical copy of the form can be filled out and sent to Alex Natt (alex.natt@usskiandsnowboard.org). The completed form can also be mailed either with a result packet or in a separate envelope.

Mailed reports that are separate from a result packet and which have not been completed online, emailed or faxed should be sent to

Alex Natt
U.S. Ski & Snowboard
PO Box 100
Park City UT 84060

In the case of a suspected concussion, the form **MUST** be immediately submitted by email or by fax with a copy to Jeff Weinman (jeff.weinman@usskiaandsnowboard.org or fax 435.940.2770) so that the athlete can be placed on medical hold pending an evaluation by a certified medical professional.

Incident reports should be completed whether the person involved is a participant or a spectator.

Although you may not have sufficient information to answer all the questions, it is important that the form be completed as fully as possible including athlete name, national ID, injury date and injury information and competition information if applicable. Please list facts only; speculations should be avoided. Do not delay sending in the report form; an incomplete form is better than none at all.

If you have any question regarding completion of the form, please call American Specialty Insurance Services at 800.245.2744.

In case of serious injury, immediately notify Alex Natt (tel: 435.647.2004 or alex.natt@usskiandsnowboard.org) and American Specialty at 800.566.7941 (if after hours, follow the instructions for emergency claims reporting). The American Specialty number is answered 24 hours a day, 365 days a year. It is important that you contact this claim line as soon as possible after a serious injury involving a participant or spectator.

Procedures for Sending Race Result Files 2017-2018 Season

Introduction

The purpose of this document is to furnish information regarding the process for creating and sending race result files in XML format to the U.S. Ski & Snowboard auto-scoring system. This very basic "how-to" document was drafted during the initial introduction of computers for managing events and producing results. As officials have become more comfortable with the use of computers, the document has been updated, but it must still address some basic issues. Hopefully more experienced computer users will accept the need for education of these basics.

Creating a Race Result File - Input

All of the data keyed into a computer is called "input": Telling the machine *what competitors* are going to be in the race, *what kind of race* it is, where the race is taking place (area and course) and then via data obtained from your timing system, *who has what time*.

One thing you should *NOT* input is a keyboard character such as an *ampersand* ("&"). If your event title is "FUN & GAMES", you must input "FUN AND GAMES" because an ampersand is one of the keyboard characters that the auto-scoring processor will not accept.

Race Result Files - Output

All events require two types of output event files: The first file is the printed copy of the race results, including the official results and, if required by the level of event, the race penalty calculation. These documents are signed by the Technical Delegate; the originals are retained by the OC and copies are included in the Technical Delegate's event file.

The second output file is the file that you will attach and email to alpineresults@usskiandsnowboard.org and, if required by the level of event, to alpineresults@fisski.ch. This file is a simple text file that is saved in a special format known as XML. This "XML" format is the only format that the U.S. Ski & Snowboard and FIS auto-scoring processors will accept.

Software Doesn't Work

There are two common complaints that we continue to hear: The "software doesn't work" and "the software freezes". If the software has been properly installed, these problems should not occur. However, if it is a sudden problem, it is possible you have too many programs or windows open. Try closing all other applications; that usually solves the problem. However, you may need to restart the computer in order to reset the full system. If neither option works, contact an experienced Race Administrator or U.S. Ski & Snowboard Competition Services Rankings Coordinator at (435) 647-2037 for assistance. If you are not using one of the U.S. Ski & Snowboard-approved timing/race result software versions, you may have to contact your software vendor.

More Information About These Files

- Using the race code that you input, the software will name all race result files for "XML" output with the same method.

- U.S. Ski & Snowboard files start with the U.S. Ski & Snowboard-assigned race code (*F, M, N or U followed by 4 numbers (zero-9; e.g. F2056)*). Remember: Only 1 character; make sure you input the numeric character “zero” and not the alpha character “O” in the 4-number section! As a reminder, “F” designates FIS scored events, “M” designates Masters scored events, “N” designates Non-scored events, and “U” designates U.S. Ski & Snowboard Scored events.
- FIS XML files are identified with the host nation (e.g. USA) followed by the 4-digit FIS-assigned codex that you input into the database. (e.g. USA7805). Again, you must remember to input the numeric character “zero” and not the alpha character “O”.
- For both types of races, there will be one file per race, per gender. It is important that you test your software in order to verify the procedure required to generate and transmit the required XML file.
- An important item to verify is that you are actually transmitting the XML file and not the event race file. As noted earlier, XML format is the only format the FIS and U.S. Ski & Snowboard auto-scoring processors will accept.
- If your software does not allow you to verify the data prior to transmission, it is strongly suggested that you save the file to a preferred location – either to an external drive or to a specific location on your hard drive. Saving the file, re-opening it and verifying its content prior to transmission may eliminate errors.
- If your review of the XML file shows an error, it is strongly suggested you correct the error in the actual race file, re-create the transmission file and verify its accuracy prior to transmission. Although it is possible to edit the XML file using Notepad or Notepad++, actual correction of the error is always your best option. *Do not use Word or Word Perfect to correct an error; using these or other word processing programs can damage an XML file.*
- When transmitting the XML file, transmission errors may occur. These are usually caused by firewall or corporate network restrictions and can be adjusted by your IT Department. If you do utilize this function, add yourself to the email list of recipients to verify that your server has accepted and sent the XML file.

If you are having problems preparing and/or transmitting your XML file, contact an experienced Race Administrator (a/k/a “Dial-A-Friend”), or the U.S. Ski & Snowboard Competition Services Rankings Coordinator at (435)647-2037, or email compservices@usskiandsnowboard.org.

Finding my Race Result File

When choosing a location for your XML file, you must remember that accessing it for transmission requires that you save it in an easily found location. However, if you know you saved your file but cannot find it (and it happens to all of us), and If you are using a Windows based program try using the *SEARCH* application and search the “C” drive. (Searching with the U.S. Ski & Snowboard or FIS assigned race code will identify all storage locations for a file with that identifier.)

Submitting The Results

Below are some hints to help properly submit your XML results to U.S. Ski & Snowboard and/or FIS

1. It is important that all results get submitted as soon as possible after the race. If there were any changes to the race dates, event type, or gender, notify compservices@usskiandsnowboard.org before results are submitted. Changes have to be made manually to the database before results can be submitted. The earlier U.S. Ski & Snowboard is notified, the sooner your results can be processed – DO NOT wait until after the race to notify U.S. Ski & Snowboard of changes.
2. FIS events are also race date, event type and gender specific. Like the U.S. Ski & Snowboard auto-scoring processor, the FIS database has to be changed before results are submitted. If changes are made prior to the event, contact U.S. Ski & Snowboard Competition Services so they can notify FIS. If changes are made on-site, the event Technical Delegate is responsible for contacting FIS.
3. Prior to transmission, verify the contents of the file: header data, date, penalty, codex, etc.
4. If errors are found, close the file, return to the actual race file and make required corrections, then repeat the verification process. U.S. Ski & Snowboard will not accept the results if the U.S. Ski & Snowboard ID and the First and Last name of the athlete do not match the U.S. Ski & Snowboard Database perfectly. E.G., the computer does not know that Robert's nickname is Bob, so the computer does not know Robert Smith and Bob Smith is the same person. If you have a question, use the "Member Lookup" tool on the U.S. Ski & Snowboard website and verify the name against the assigned U.S. Ski & Snowboard ID.
5. If your file is accurate, save it in a place where you can easily find it, e.g. your desktop or an external storage device.
6. DO NOT include "HARD COPY"; neither the U.S. Ski & Snowboard nor the FIS auto-scoring processors will recognize the file.
7. With the exception of the new dual-gender non-scored events, each gender has its own race code. You must not submit results with different race codes in the same race file.
8. Use the assigned Race Code as the subject of the email:
 - a. For U.S. Ski & Snowboard non-FIS events, use USA race code (1 Alpha+4 numeric) race code (Ex. U1234)
 - b. For U.S. Ski & Snowboard FIS events, use Host Country + 4-digit codex as subject (Ex. USA0123)
 - c. DO NOT include anything but the race code in the Subject Line.
 - d. DO NOT include messages inside the email. The computer strips off any notes, and human eyes never see them. If you need to send a note, send it separately to compservices@usskiandsnowboard.org.
10. For a U.S. Ski & Snowboard non-FIS event, send the race result XML file to alpineresults@usskiandsnowboard.org.
11. For a FIS event, the race result XML file is sent to two recipients: alpineresults@usskiandsnowboard.org and alpineresults@fisski.ch.
12. **DO NOT UNDER ANY CIRCUMSTANCES:**
 - a. Attach and transmit the actual event file; neither the U.S. Ski & Snowboard nor the FIS auto-scoring processors will recognize or accept this type of file format.
 - b. Attach multiple race result files to one email.

Additional Notes

1. Transmit your results at the end of each day so they can be posted to the U.S. Ski & Snowboard and FIS websites; they must be submitted within 24 hours after an event's completion. This is especially important if you are on points list deadline! *Results not received in a timely manner will not be included in the next list.*
2. You should receive an acknowledgement-of-receipt email from both U.S. Ski & Snowboard and/or FIS shortly after submitting your results. If you do not receive the acknowledgement-of-receipt email, then the email may either not have been sent or not been received.

If the U.S. Ski & Snowboard and/or FIS parsers are down, results will not process until they are back up; wait approximately 30 minutes and try again. If you still don't receive an acknowledgement of receipt, send an email to compservices@usskiandsnowboard.org and advise them of the problem. DO NOT continue to send and re-send! **NOTE:** *If you have sent your files from a ".org" email address, and your transmission was unsuccessful, you may need to switch to a ".com" email address.*

You can verify whether or not an email was sent by adding your email as a recipient. You can verify whether or not a file was received by verifying whether or not the results have been posted on the applicable website.

3. Once the results are processed, using the "Event Lookup" tool, verify their accuracy on the U.S. Ski & Snowboard website. The FIS Technical Delegate is responsible for verifying the accuracy of FIS results posted on the FIS website prior to filing his online Technical Delegate Report.
4. Finally, and most important, you must still submit an event document packet. U.S. Ski & Snowboard accepts emailed event document packets prepared in scanned/PDF booklet format sent to resultpackets@usskiandsnowboard.org; subject line of email is the U.S. Ski & Snowboard race code or FIS codex number. (Refer to "5. Non-FIS Event Document Packets" and/or to "6. FIS Event Document Packets" in the "Master Packet of Forms".)

Document packets may still be photocopied and mailed, but regardless of what process is used, the "originals" must be securely stored by the person submitting the document packets until they are no longer required. (This is typically 1 year.)

5. If U.S. Ski & Snowboard's Online Event Registration System was not used, the Organizing Committee (OC) must mail Head Tax Checks/Head Tax Documents as required by the level of the event. Use the "Club login" to the U.S. Ski & Snowboard Event Administration system to review and verify U.S. Ski & Snowboard's head tax amount calculations.

Conclusion

Hopefully this document has been helpful. Please feel free to contact U.S. Ski & Snowboard if you have any questions.

The staff at U.S. Ski & Snowboard greatly appreciates your efforts. We wish to thank you for your efforts and also wish you the best of luck during the 2017-2018 competition season.

SEASON 2018 EVENT DOCUMENT PACKETS – ALPINE

PREPARATION & SUBMITTAL OF FIS RACE RESULT XML FILE & EVENT DOCUMENT PACKETS

A. ELECTRONIC SUBMITTAL OF RACE RESULT XML FILE:

1. FIS WILL NOT MANUALLY INPUT RACE RESULTS, so the Official Results/Penalty in XML format must be submitted to the following addresses:
alpineresults@fisski.ch (Note this address is for the XML file not the PDF file.)
alpineresults@usskiandsnowboard.org (Note this address is for the XML file not the PDF file.)
2. Within minutes, both auto-score systems will acknowledge receipt of XML file and will note problems, if any.

B. FIS EVENT DOCUMENTS / ONLINE TDTR & TD REPORTS

The following documents must also be submitted electronically; paper copies will not be accepted.

1. **Timing & Data Technical Report (TDTR) in XML format**; *may be filed multiple times until accuracy acknowledged but MUST be filed prior to filing online TD Report*
2. **Technical Delegate Report**; *transmission and FIS acceptance of race result and TDTR XML files is required prior to filing an online Technical Delegate Report. Acceptance of the online Technical Delegate Report locks the event file.*

C. ADDITIONAL FIS EVENT DOCUMENT PACKET REQUIREMENTS:

Online filing of Timing & Data Technical Report and Technical Delegate Report has reduced additional FIS Event document packet requirements. *The National Office is the repository of all other documents, e.g. Programs, Team Captains' Meeting Minutes, Jury Minutes w/o Protest.* If the following documents are generated, they are the only additional documents that must be submitted to FIS:

1. **Supplementary Report by the Technical Delegate** (This is not the same as the "FIS Additional Report of the Technical Delegate" which is used to request rehomologation and is sent to U.S. Ski & Snowboard Competition Services compservices@usskiandsnowboard.org)

 - c. **TD Accident Form** for injuries that meet "Guidelines for Serious Accidents"
7. **Volunteer Competition Worker Registration forms****
8. **FIS Athlete Declarations** for Forerunners who are not FIS inscribed.

***NOTE:** *If any event changes occur, the information must be sent immediately to U.S. SKI & SNOWBOARD at compservices@usskiandsnowboard.org so the changes can be made to the calendar and the results will process. Venue changes require execution of a new schedule agreement and must be done before the race for it to be valid. 3. Using the nation + FIS-assigned codex as email subject (e.g. USA1234), attach individual race file booklets and email to: resultpackets@usskiandsnowboard.org.

USA FIS TD Commissioner has access to this location; additional packet is not required.

H. PAPER COPY SUBMITTAL FOR EVENTS SCORED FOR BOTH FIS & U.S. SKI & SNOWBOARD POINTS: If scan/PDF/electronic submittal is not an option, submit the required paper copy documents to U.S. Ski & Snowboard's Competition Services. (All documents must be single sided and printed on white paper with no staples.)

I. HEAD TAX DOCUMENTS & FEES: U.S. Ski & Snowboard - after automatically deducting athletes for whom Head Tax is not required (U.S. Ski Team Members, etc.) from the total number of starts - will calculate the amount of Head Tax due and provide a detailed account of expected amounts. This can be found under the Schedule Agreement area of the club login. A form showing the expected Head Tax for National, Regional and Divisional (not all Divisions have supplied Head Tax information for inclusion in the calculations) can be printed from that site, verified against your calculation and returned with required Head Tax payments. If U.S. Ski & Snowboard's calculation shows a different amount due, the "Head Tax Exemption Sheet" must be included with payment.

If an OC chooses to use U.S. Ski & Snowboard's online race registration system, the OC needs to login to the Event Administration System using the club login to see their Head Tax owed and registration amount collected. Once amount due has been verified and agreement is reached, U.S. Ski & Snowboard will forward the entry fees to the OC.

If a Region or Division that requires additional Head Tax has not supplied Head Tax information for inclusion in the calculations, payment of these amounts will be the responsibility of the OC and should be submitted as directed by your appropriate Region/Division. *Verify procedure for your Region/Division.*
